

ELECTIVE SUBJECT SELECTION

Master of Physiotherapy by Coursework

Students in the Master of Physiotherapy by Coursework (excluding Musculoskeletal and Sports) are expected to select one elective subject, in addition to taking the 3 common subjects and 4 stream specific subjects.

Subject Information

The list of approved elective subjects is on our website at:

<http://www.physioth.unimelb.edu.au/programs/pgrad/progs/coursework/mcw/subjects.html>

Descriptions of individual subjects (including contact hours, pre-requisites and assessment information) can be accessed via "University Course and Subject Handbook". This is an online searchable index of postgraduate subjects and courses offered by the University of Melbourne on the website at:

<https://app.portal.unimelb.edu.au/CSCApplication/faces/htdocs/user/search/SimpleSearch.jsp>.

Timetables

You will need to check that the semester and timetable for your preferred elective subject fits in with your compulsory common and stream subjects.

University Timetable website <https://sis.unimelb.edu.au/cgi-bin/subjects.pl>.

School of Physiotherapy timetable website: <http://www.physioth.unimelb.edu.au/programs/pgrad/ttables/index.html>

Selecting Your Elective Subject

1. Browse through the approved list of elective subjects.
2. Many subjects are dependent upon sufficient enrolments in order to run, so you may wish to consider two or three possible elective subjects.
3. Once you have read the subject information, we recommend you contact the **Subject** Coordinator via email, telephone or in person prior to finalising your elective. The Subject Coordinator will be an academic staff member who is responsible for running that particular subject (the name of the Subject Coordinator will be listed in the subject description). Advise them that you are a Master of Physiotherapy student interested in taking their subject as an elective, check with them any questions / suitability / issues you need to clarify.
4. Before finalising your enrolment, your **Course** Coordinator will need to approve your elective choice.
 - A/Prof Linda Denehy, Course Coordinator, Master of Physiotherapy (Cardiorespiratory)
 - Dr Helena Frawley, Course Coordinator, Master of Physiotherapy (Women's Health and Pelvic Floor)
 - Dr Guy Zito, Course Coordinator, Master of Physiotherapy (General)
 - Dr Kim Miller, Course Coordinator, Master of Physiotherapy (Neurological)
 - Dr Alicia Spittle, Course Coordinator, Master of Physiotherapy (Paediatrics)
5. Evidence of Course Coordinator approval is required - either ask them to sign their approval below or provide email evidence that they have approved your elective subject choice.

Confirming Your Elective Subject
